

Michelle

3rd grade

I like Toberman because they help you with your homework because if they don't help you, you will never understand it. I like computer lab because you can go on your favorite games. My favorite teacher is Ms. Lawana, Mrs. Deddie. I like the Gym because I get to play handball. This is a safe place because where ever you are a staff is nice to be with you. This place is part of my heart. This place is funny because people and teachers are funny. I like this place because we get to do activities.
